Deep River Choral Group

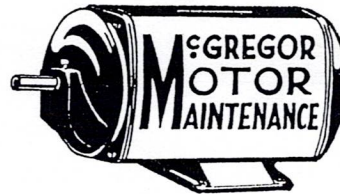

The Choral Group was first organised in 1946 with Geoffrey Harding as conductor. Under his direction and later that of George Cowper, and Dora Dent, the Group has traditionally performed two major works each year—sacred music for the Christmas season and secular music in the Spring.

Both types of programme have been popular in the village and it is the aim of the Choral Group to continue to provide this type of musical entertainment for your enjoyment and pleasure.

The past few years have been highlighted with performances of various Gilbert & Sullivan operettas including "H.M.S. Pinafore", "Tolanthe", "Mikado" and "Pirates of Penzance", while sacred works have included the Twelfth Mass (Mozart), Brahm's Requiem, and Bachs Christmas Oratorio.

We are very pleased to have the newly formed orchestra of the Instrumental Music Association taking part in this year's performance and would take this opportunity to wish this organization every success in the future.
